This whiskey drink was invented in Paris while the U.S. suffered through Prohibition.

## Ingredients

- ◆ 2 ounces bourbon or rye whiskey
- ◆ 1 ounce dry vermouth

- ◆ 1 dash orange bitters

## Steps

1. Add all ingredients into a shaker with ice and shake until well-chilled.
2. Strain into a chilled cocktail glass.

I like the drink and I know this will likely never get answered but whose spec is this? is it Liquor.com's "modern spec"? as i've seen others with equal parts bourbon to vermouth and flip the amounts on lemon and grenadine. Just curious if this is the historical recipe or an adjusted one.

There are many variations on the cocktail out there; this particular recipe comes straight from the late, great Gary Regan and his book "The Joy of Mixology." Cheers!

Agreed, I've never seen this with 2 "dashes" of grenadine. It's either been 1/4 or 1/2 oz. seems 2 dashes would result in an entirely different cocktail.
